## Variform or Hardie Skirting

Our Variform vinyl skirting is available in a variety of colors and sizes. It has a natural wood appearance, is very durable and easy to maintain.

We also have Hardie brand skirting, which is a durable composite material available in smooth or stucco texture. It retains paint 3 to 4 times longer than wood.

It is approved for above and below grade installation. Moisture won't rot it and termites won't eat it. It is also resistant to fire.

## Need Shade This Summer?

Consider adding or replacing a patio, deck, carport, window, or porch awning. They are custom-designed, lightweight, come in many styles and hold up to wet, windy Northwest weather.
